#### 12.10.5 MAP AMENDMENTS

Amendments affecting specific properties which, generally, do not affect other property's zoning (map amendment) may be initiated by any party with such authority, as specified in Section 12.10.2. When a map amendment is proposed, the Plan Commission shall conduct a public hearing. Notice of the time and place of said hearing shall be given not more than thirty (30) nor less than fifteen (15) days before the hearing by publishing a notice thereof at least once in a newspaper of general circulation within the Village of Beach Park. Said notice shall include such description of the property affected by the proposed amendment as the Zoning Administrator may deem appropriate.

The Plan Commission, within sixty (60) days after the close of the hearing on the proposed text amendment, shall make written findings of fact, and shall submit these findings together with a recommended course of action to the Village Board of Trustees.

In its findings of fact, the Plan Commission shall consider the following:

1. Whether the uses permitted by the proposed amendment would be appropriate in the area concerned.
2. Whether adequate public school facilities and other public services exist or can be created to serve the needs of any additional dwelling units likely to be constructed as a result of such change.
3. Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewers in the vicinity.
4. Whether the proposed amendment is likely to result in an increase or decrease in the total zoned residential capacity of the Village and the probable effect of such change on the cost of providing public services.
5. The amount of vacant land which is currently zoned for similar development in the Village or in contiguous areas, and particularly in the vicinity of the area included in the proposed amendment, and any special circumstances which may make part of such vacant land unavailable for development.
6. The recent rate at which land is being developed in the proposed district of the Village and particularly in the vicinity of the area included in the proposed amendment.
7. The effect of the proposed amendment upon the growth of existing neighborhoods as envisioned by the Beach Park Comprehensive Plan.
8. Whether other areas designated for similar development are likely to be so developed if the proposed amendment is adopted, and whether the designation for such future development should be withdrawn from such areas by further amendment of this Ordinance.

9. If the proposed amendment involves a change from a residential to a nonresidential designation, whether more nonresidential land is needed in the proposed location to provide commercial services or employment for the residents of the Village.
10. Existing uses and zoning within the general area of the property in question.
11. The extent to which property values are diminished by zoning restrictions.
12. The extent to which the restriction of property values of the petitioner promotes the health, safety, morals, or general welfare of the public.
13. Whether the proposed amendment is the minimum adjustment necessary to allow the reasonable use of the property.
14. The extent to which any formal written protest pertaining to the proposed amendment, in accordance with Section 12.11 can be substantiated on a factual basis.

Upon receipt of the findings of fact and recommendation from the Plan Commission, the Village Board of Trustees shall act upon the proposed map amendment within sixty (60) days. The decision reached by the Village Board of Trustees shall take into account the submitted findings of fact and recommendations. If a map amendment is adopted by the Village Board of Trustees said amendment shall be included in an ordinance passed by said Village Board of Trustees.
